# PARTNERING FOR A BETTER FUTURE

---

At the Albury Grass Courts, we've been the heart of tennis in our region for over 80 years, offering world-class grass courts and fostering community through the sport we love. Our core values of **community**, **inclusivity**, and **excellence** drive everything we do.

By partnering with us, you're not just supporting tennis-you're investing in Albury's health and vitality.

We invite you to join us as a sponsor, and together we'll continue to grow, inspire, and create opportunities while promoting your business through marketing within our loyal and supportive tennis community.

For over 80 years, the Albury Tennis Association (ATA) has been a pillar of the Albury community, boasting 25 natural grass courts and 4 synthetic courts. Legendary players, such as Margaret Court, once honed their skills here, with stories of her sneaking under the fences as a child to practice her game on our grass.

The Albury Grass Courts contribute to the local economy by hosting tournaments and promoting health and well-being for all ages through tennis.

We're looking to partner with businesses that value health, wellness, and community, and are interested in a sponsorship backed by strong digital marketing support, encouraging our members to support your business in return.

We have ambitious plans for the future and would love for you to join us.
